

November 2016 Newsletter

Volume 4, Issue 11

Letter from Dr. Christine Brezden-Masley

Since its launch in 2011, COMET has grown in popularity and is a central hub for over 100 clinical trials in Ontario! We hope that the CCTC has been helpful in transitioning the gap between patient referrals and newly emerging clinical trials.

We are always making improvements to make COMET better for our users. If you have any suggestions, please do not hesitate to contact us at cometrials@smh.ca and we are more than happy to assist.

Sincerely,

Dr. Christine Brezden-Masley
Founder, COMET Clinical Trials Consortium

Letter from the Project Manager, Alexandra Moskalewicz

Happy November CCTC members,

Thank you to both old and new members of the consortium for your continued dedication.

Our main goal is to make the CCTC more user friendly by incorporating your input to better it!

Please feel free to reach me at cometrials@smh.ca with any questions, comments or concerns.

Kind Regards,

Alexandra Moskalewicz

Trials of the Month

Type	Trial	Site	Type	Trial	Site
Breast	<u>PRONE Breast</u>	Royal Victoria, Southlake, Odette	GYN	<u>CX5</u>	Royal Victoria, London Health Sciences
